

Getting your Purolator Activation Key

Last Updated: January 2015

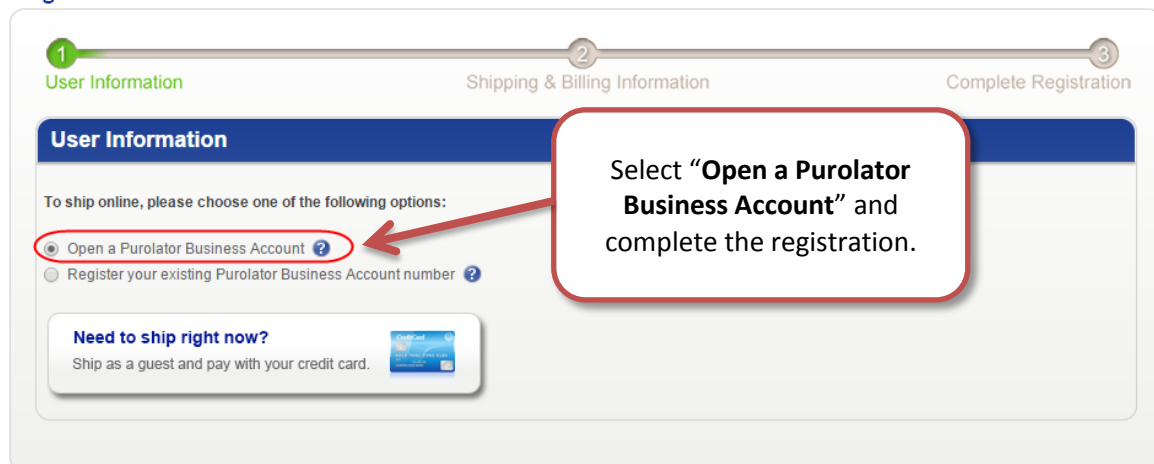

If you have an online store that is based on an ecommerce platform, you will need an Activation Key to set up your Purolator shipping extension. Follow these steps to get your Activation Key.

1) Open a Purolator Business Account

You must have a Purolator Business Account in order to generate an Activation Key. If you already have one, please skip to step 2.

If you don't have a Purolator Business Account, apply for one by visiting www.purolator.com/register.

Registration

The screenshot shows a three-step registration process: 1. User Information, 2. Shipping & Billing Information, and 3. Complete Registration. The 'User Information' step is active. It asks the user to choose an option for shipping online. The first option, 'Open a Purolator Business Account', is selected and circled in red. A red callout box with an arrow points to this option, containing the text: 'Select "Open a Purolator Business Account" and complete the registration.' Below the options is a section titled 'Need to ship right now?' with a sub-option 'Ship as a guest and pay with your credit card.' and a credit card icon.

2) Register for the Purolator E-Ship[®] Resource Centre

Visit the Purolator E-Ship Resource Centre at www.purolator.com/eship and click "Register".

On the registration form, select the 3rd option under "Web services profile". Complete the form and click "Submit Registration".
